As we celebrate the conclusion of another outstanding year at Beaumaris Secondary College, we do so with great pride in what our students, staff and families have achieved together. Tonight is a reflection of our shared commitment to building a school where every young person is known, challenged and supported to realise their potential.

Our teachers and education support staff play an essential role in shaping this culture of high expectations, optimism and belonging. Their dedication to nurturing capable, confident and curious learners is evident in every achievement recognised this evening.

To our students – you are the heart of our college. Your effort, enthusiasm and resilience have defined this year. Whether through academic success, creative expression, personal growth or contribution to our community, each of you has added to the rich story of our school.

We also acknowledge the vital partnership of our parents and carers. Your trust and support help us create an environment where students feel safe, connected and ready to thrive.

As we close the 2025 academic year, we celebrate not only the accomplishments of tonight's award recipients, but the everyday acts of kindness, collaboration and perseverance that make our community unique. Thank you for a wonderful year.

We wish everyone a restful break and look forward to continuing our journey together in 2026.
