Presentation Evening 2026

Beaumaris Secondary College

2026 Presentation Evening

Presentation Evening was a special opportunity for our college community to come together and celebrate the achievements, growth and contributions of our students throughout the year.

The awards presented recognised excellence in many forms. While some acknowledged outstanding academic achievement, others celebrated leadership, creativity, service, perseverance, sporting success and the positive impact students have made within our college community. Together, they reflect the many ways our students have embraced opportunities, challenged themselves and embodied the values of Beaumaris Secondary College.

These achievements are made possible through the collective efforts of our students, staff and families. We thank our dedicated teachers and education support staff for their unwavering commitment to inspiring and supporting every learner, and our parents and carers for the encouragement and partnership they provide throughout each student's educational journey.

To all our students, congratulations on another successful year. Whether recognised with an award or through personal milestones achieved throughout the year, you have each contributed to the vibrant, inclusive and supportive culture that makes our college such a special place.

Thank you to everyone who joined us for this special celebration. We are proud to share the following list of award recipients and congratulate them on their achievements.
